

2020 NBTA Solo Rules

Changes are highlighted

SECTION 1 - FORWARD

Few activities provide a more wholesome and worthwhile outlet for the energies of today's youth than baton twirling. Sanctioned twirling contests are largely responsible for the growth, development, and advancement of twirling as a performance sport, performing art, and beneficial activity. Many of the keen traits found in today's twirlers can be directly credited to their participation in twirling contests, i.e., physical fitness, good sportsmanship, poise, showmanship, teamwork, personality projection, ambidexterity, and self-confidence. Baton twirling contests provide a place where baton twirlers can join together in friendly competition and share common interests- while participating in a program for baton boosters and the public to view.

NBTA's large network of baton twirling contests is an important part of the national and world baton twirling picture. There is usually greater interest and a higher level of twirling proficiency found in areas where there are top-level competitions.

MOTTO AND PLEDGE OF HONOR

NBTA's motto is "winning is participating!" Accept new friendship as you extend your friendship to your fellow competitors. And remember, you are a part of the great HONOR SYSTEM that helps set apart baton twirling from many other sports. It is your responsibility to maintain accurate records and to compete in the proper classification and age divisions.

NBTA contestants are bound by the following code of honor:

MY PLEDGE – CODE OF HONOR

In order to substantiate advancement, I pledge responsibility, with the help of my parents and teacher, to accurately record my twirling contest participation, dates, locations, categories, age divisions, placements, and advancement. I agree to take an up-to-date record with me to contests in which I participate, for reference, should there be any questions about my status or eligibility.

KNOW THE RULES

An understanding of the contest rules and procedures can help you enjoy a productive participation in the wonderful world of contest baton twirling. Knowledge of the rules is the responsibility of each individual.

A high purpose of the NBTA advanced process is to help twirlers realize their personal goal by graduating to the advanced class of competition. The following four contestant status levels are mandatory for A, AA, AAA Solo (Women and Men) competitions and are optional for all other events.

- **Novice Class** – A contestant will be a novice contestant until receiving **five** first-place Novice wins.

RULES REGARDING STATUS LEVELS

Contestant is required to move up to next higher status level upon achieving the designated number of first-place wins.
- B. **PROTECTION RULE** – Should a Novice, Beginner, or Intermediate open, state, or regional (not national) solo, strut, 2-baton, etc. contestant not demonstrate first-place ability, the judge may use 1st place “Protection Rule” to prevent win from counting towards advancement. Protection Rule may be used in Individual pageant categories (solo, strut, and model) but not overall title. Awards will be presented as advertised. “1st Place Protection” must be clearly recorded on score sheet by judge and on results sheet by tabulator. Protection Rule may not be applied in advanced events. Contest directors will not instruct judges to use Protection Rule.
- C. **SELF-ADVANCEMENT** - At any time, contestants may advance themselves to a higher status level. By doing so, they are permanently elevated to that higher status level.
- For Little Big Ones only: 0-6, 7-9 (all status levels) – Beginner and Intermediate contestant may enter Little Big One without penalty of advancement; however, winning first permanently elevates contestant to advanced status.
- D. **DOUBLE ENTERING** – Contestant may double enter in open contests only and compete in a higher status level. Double entering is permitted only when contestant also enters contestant’s true status level (Nov-Beg-Inter-Adv.) Caution: Competing at a higher status level without competing at current status level automatically advances contestant to higher level. Double entering is not permitted in State/Regional/National NBTA championship contests.
- E. **WHEN MULTI-STATUS LEVELS ARE NOT AVAILABLE** – Winning first place in a contest that does not provide multi-levels (Nov-Beg-Inter-Adv.) shall be counted only toward a contestant’s current NBTA status level. Winning first place in an official NBTA State/Regional/National Championship contest that does not provide multiple status levels, advances contestant to an advanced status in that type of competition.
- F. **MULTI-EVENT STATUS LEVEL** - Twirling status determines level of competition in all multi-event contests.
- G. **MULTI-EVENT WINS** – In any multi-level pageant type event where pageant status is determined by twirling level, all 1st place wins in individual events (solo, strut and model) shall be counted towards advancement unless 1st place protection rule is applied. Rhythmic Twirl is sometimes referred to as “interpretative twirling” and “synchronized twirling.” Unlike general twirling, in which music is used for accompaniment, a performer may vary the speed of the baton to coordinate with the music. As in other branches of twirling, it’s the ability with a style and not only the style itself that counts. All styles of interpretation are acceptable – within the bounds of good taste.

1. **ELIGIBILITY:** Advanced solo twirlers only; one baton only, no props.
2. Standard penalties will be assessed for drops, falls, unintentional breaks or slips, undertime and overtime, failure to salute, improper salute, intentional contest delay, and rosin powder on floor.
3. **AGE DIVISIONS:** Ladies 7-9, 10-12, 13-15, 16+. Men 7-9, 10-12, 13-15, 16+. At Nationals, individual age groups may be held, followed by a twirl-off.
4. **MUSIC & TIME LIMIT:** Individually selected CD music. Judging begins with first note of music and ends with last note of music. Time limit 2:00 – 2:30 minutes.

F. **SHOW TWIRLING** – Show Twirling is interpretive, free-style twirling where contestants select own cassette music and use any combination of twirling instruments in order to display their total show performance. Props and twirling equipment are limited to that which can be hand carried in one trip by contestant only. Electrical props are not permitted. Penalty for exceeding prop ruling is 2.0.

G. **FLAG TWIRLING** – A performer twirls and swings a baton shaft with one flag attached. One-baton score sheet can be used with logical interpretation if flag scoresheet is not available.

Flag Twirl Penalties

1. **All Flag Penalties** begin with opening salute and will be assessed during any overtime performance, before final salute.
2. Standard penalties will be assessed for drops, falls, unintentional breaks or slips, undertime and overtime, failure to salute, improper salute, intentional contest delay, and rosin powder on floor.
3. **.1 penalty each time** flag tangles on shaft. Twirling while flag is intentionally wrapped around the shaft does not constitute flag twirling.
4. **.1 each time** flag shaft strikes floor. No penalty for flag sweeping the floor.
5. **Releases** from flag ends are permitted.
6. **2.0 penalty** for grossly undersize flag. Double flag not permitted.
7. **Salute** is a 2-count courtesy pose with flag extended toward judge.

H. **HOOP TWIRLING** – Hoop twirling provides still another opportunity for contestants to expand their repertoire. Proficient Hoop Twirling requires excellent coordination and dexterity as the number of twirls that can be executed with a hoop is limited, due to the shape of the hoop. Imaginative, innovative, and exciting combinations are encouraged. Intentional hoop floor rolls, etc., do not count as drops.

I. **BASIC STRUT – MILITARY STRUT** – Basic/Military Strut implies straight marching in a square pattern with no footwork or legwork embellishment while carrying baton in either traditional or cradle position. In the case of military strut the traditional hi-low beat is required. Forward motion is mandatory. Consideration in judging will be appearance, posture, gracefulness, and timing. All styles shall receive equal consideration. Contestants will march in a follow-the-leader pattern or one-at-a-time according to judge’s instructions. Direction of square at discretion of judge. Contestants who stay in step will place above those with timing problems.

J. **DUET AND TRIO** - Two contestants performing at one time is called a duet. Three contestants performing at one time is a trio. Contestants are judged on their ability to perform simultaneously and in concert with one another while employing exchanges and uniquely designed combinations. Each contestant is evaluated on the use of one baton. No credit is given for two batons.

K. **CIRCLE T MODELING** – All modeling events will be performed in a Circle T pattern. Modeling performance begins directly in front of judge, turning either direction, left or right, at top of lane and then proceeding to chosen corner. Contestant executes a semi-circle (away from judge) to opposite corner. Contestant returns to center front of judge’s table and back to starting point. Timing and judging end at this point. If interview is included in performance, interview is not timed. Contestant will wait for judge’s signal to approach table for interview. Judge will score first 3 captions before interview begins. The element of the interview should encourage contestant to talk about herself; her hopes, dreams, goals, and opinions. It is not the style but the ability within the style that is judged. All modeling styles within the bounds of good taste will be given equal consideration. Modeling time limit is 1:00 minute with timing begins with first movement and ends with final movement. Interview limited to two questions. **Required attire** for Novice/Beginner/Intermediate Circle-T modeling and other model-type events is twirling costume or strutting costume. Ineligibility for non-compliance. Advanced division contestants at open competitions may wear gown or costumes – as indicated by respective contest.

Circle T Modeling Penalties

1. **Improper pattern:** 1.0
2. **Overtime:** .1 per second (see description of events, Circle T Modeling.)
